

Helpful Facts about Assisted Living

Why Bethany Village?

Now, more than ever, there are numerous assisted living communities in our area. However, Bethany Village stands alone with our five-star care and brand new residence, Crescent Crossing, a spectacular four-story, 90,000-square-foot complex opening in late 2018. Crescent Crossing will set a new standard for assisted living in our region.

Our newest building will feature 73 modern assisted living suites, spacious gathering spaces, and a convenient coffee/snack bar. And, an indoor walkway will connect all residents to other Bethany Village amenities like our fitness center, activity rooms, restaurants, and bistro, so weather will never slow your loved one's pace.

Nestled in the gorgeous 100-acre Bethany Village campus near the heart of Centerville, Crescent Crossing Assisted Living at Bethany Village will offer seniors the opportunity to remain independent, yet still have access to impeccable care when needed.

Each suite will contain approximately 600-square-feet of living space, including a living room with kitchenette, bedroom, and bathroom with laundry facilities and a walk-in closet. The suites will be located in the upper three floors of the building where residents can interact with others and caregivers. The ground floor will include a large gathering space, plus areas for dining, fitness, and resident storage.

Bethany Village Assisted Living residents will have housekeeping and dining services to ease the daily stress of maintaining a home. They'll engage in activities to enrich their life. They'll get to know our compassionate staff who will provide them with care centered on their needs. And, for the ultimate peace-of-mind, they will be covered with a nurse on-site 24-hours, dependable and accurate medication administration, and emergency alert systems.
